

MISSOURI RIVER ENERGY SERVICES POLICY MAKERS WORKSHOPS

TOP 5 THINGS YOU SHOULD KNOW ABOUT THE ELECTRIC UTILITY INDUSTRY

Legislative and regulatory issues:
Find out where we stand

What's trending in the industry right now: Electric vehicles, aggregators, and more

Is the price right? Identify the retail rate structure to send the proper rate signal to your customers

MRES and your power supply program: The roadmap for today and for the future

Other items to consider in governing a local utility

INFORMATION ABOUT THE ELECTRIC UTILITY INDUSTRY ISSUES OF TODAY AND INTO THE FUTURE

*Designed for MRES member electric utility governing board members and managers

These workshops are designed to provide new and veteran members of city councils and utility governing boards with information about trends in the electric utility industry, MRES and future power supply considerations, dealing with current utility issues on a local basis, and more.

MRES Member and Public Relations Director Bill Radio will facilitate the sessions. His experience includes city administration, private business

ownership, legislative and regulatory affairs, communications, utility management, and strategic planning.

HERE'S WHAT OUR MEMBERS SAY ABOUT THE MRES POLICY MAKERS WORKSHOP

- "Great for us 'new' people."
- "There was a good mixture of information presented in a simple, understandable manner."
- "Well done. Ample opportunity to ask questions and good opportunity for discussion."
- "Very informative."

These workshops are offered at no charge to MRES members. For more information, or to schedule your workshop today, contact Bill Radio at bradio@mrenergy.com, or call him at 800.678.4042.
